Evolv Life Plan - Health

Overview Health **Wealth** 90 Day Guarantee

The Evolv Wealth Plan is based on four areas designed to help you achieve the financial security you've been dreaming about: EARN, SAVE, INVEST, and REWARD. Each of these areas, taken in this order, represents a key ingredient to building wealth. Unfortunately, we live in a world where people have learned to skip some or all of the first three steps and Reward themselves before being in a position to do so. That path often leads to a life of limited resources, significant debt, financial strain, and stress.

At Evolv, we want to give you the tools to help you EARN more, but we also want to give you the ability to SAVE more. You see, earning more money has never solved a spending problem all by itself! We will also provide you with the guidance, support and tools necessary to help you learn how to INVEST well by paying yourself first — a simple and straightforward concept that, unfortunately, few people follow. More than this, though, at Evolv we want you to enjoy the people and experiences that enrich your life — the greatest REWARD of all.

With the exclusive Evolv Xperiences™ Program, Members can win the Rewards that will allow them to enjoy many of life's greatest pleasures without overextending their budget, paying the high price of financial stress and worry. Here's a chance to learn more about each step in our Evolv Wealth Plan.

Earn

The Evolv Wealth Plan begins with the understanding and tools to help you earn additional income into your life. Earning income with the Evolv Life Plan begins with the understanding you are building your own home-based business. The Evolv Life Plan revolves around your ability to develop an Evolv Business Unit (EBU), and then help the Members in your EBU to build their EBUs. The EBU has two parts. First, the driving force or "energy cell" in your Evolv Business Unit is customers. You are looking for two people who are interested in Evolving their Health by using the remarkable and health-beneficial Evolv products.

With our award-winning Archaea Active™ Formula and our Evolv Health Target support system, your customers will be well on their way to feeling great in 90 days. And you don't have to stop with just 2 customers, either! In fact, if you find and maintain four customers on the Evolv Health Plan, Evolv will give you your Evolv Product for FREE! The second aspect to earning with Evolv is your Evolv Life Plan Partners. Initially, your first goal is to find four people to partner with who truly want to Evolv their own life. Each key partner, will in turn, move forward with the clear and simple plan to set up their Evolv Business Unit. The magic behind the plan is the support and coaching you will receive and offer to others. Studies show that you have an 80% greater chance of success if you are being coached or mentored. With Evolv, you have support with the person who introduced you to the Evolv Life Plan, you have further support and coaching from the person who introduced them to the Evolv Life Plan and finally you have additional mentorship and support through our many very successful Evolv Members and the Evolv Corporate Team.

Save

We want to give you the education and tools to run a home-based business in a way that will allow you to save money. Whether you're saving on everyday items you purchase or learning how to make the most of the home-based business tax advantages to which you're entitled, the Evolv Life Plan is there to support you. To learn about what tax advantages you may be eligible for, we have provided a powerful program for you to track your daily expenses for both your personal life and your new business. This powerful online program is 100% secure and provides valuable tools and education in a very simple and easy-to-use format.

In addition, we have initiated a special Evolv Savings Club that will grow over time. Earning more is great, but learning to save and spend less
